

I would like to let you know that K-Love 91.1 FM has provided a peace through its music that I cannot describe. I turn to this station to hear the radio personalities and songs that resonate with me on those days when nothing else will. I would be SO DISAPPOINTED if K-Love was displaced-I believe it reaches those in the community who need a kind word, or sense of hope. I can't imagine the radio without K-Love, and the ministry they provide is irreplaceable; it was for me.
